Installation Instruction

CL-750-BT-BK Shown

Fixture should be used **"ONLY"** with low voltage landscape-power units that do not exceed 25A, 15V.

The power units reduce the voltage from 120 volts to 12 volts.

The main cable from the power units should be buried for less than 6 inches under the ground level and can be purchased from your local electric supply house

Warning: Fixture wire has to be ran in close proximity to fixture and not buried more than 3 inches.
